KUALA LUMPUR: Nehemiah Reinforced Soil Sdn Bhd recently hosted a thank-you dinner for its employees at the Sheraton Subang Hotel and Towers.

It was a feast for the eyes as the employees dressed according to the theme of the evening — Black & White Masquerade.

"The theme generated a lot of excitement and provided the staff an opportunity to dress up," said organising chairman Deborah Lee.

Founder and managing director, Dr Nehemiah Lee said employees are the most important asset for any company and it is no different for him.

"I have always appreciated my management team because they are people of integrity and I trust them," he said.
